

**U.S. DEPARTMENT OF ENERGY
PUBLIC MEETING ON ENERGY CONSERVATION STANDARDS FOR
COMMERCIAL REFRIGERATION EQUIPMENT**

**U.S. Department of Energy
Room 1E-245
1000 Independence Avenue, SW
Washington, DC 20585
May 16, 2006**

Purpose: The Department is holding this informal public meeting as a first step in the standards rulemaking process for commercial refrigeration equipment. This meeting is intended to familiarize interested stakeholders with the approach and analytical tools that the DOE anticipates using, and as such, it is the starting point for the standards-development process. The meeting will highlight issues on which DOE requests feedback from interested parties on the assumptions, methodology, and analytical tools the DOE proposes to use.
